

Giving Back to the Community

On Monday, September 17, 2007 *Advantage Physical Therapy & Rehabilitation, LLC* was a proud Platinum Sponsor of the 3rd Annual 5 Alarm Golf Classic put on by the Nokesville Volunteer Fire & Rescue Department. This year's tournament was held at The Virginia Oaks Golf Club & the funds raised go to support the Volunteer Fire & Recue Departments in Bristow & Nokesville.

In addition to offering our financial support several of

our staff and former patients were able to get out and play a round of golf on what turned out to be a beautiful day.

While no course records were broken (and no windows – whew!), the team at *Advantage PT & Rehab* did not leave empty handed. Next time you are in to see us, be sure to ask Lisa about the trophy she now proudly displays at the office.

Over the past year all of us at *Advantage Physical Therapy & Rehabilitation, LLC* have been pleasantly surprised at how the

community has accepted and embraced us and this was one small way we felt we could give back.

New Service – Pediatric Developmental Therapy

We are proud to announce that we have added pediatric developmental physical therapy to the list of services we deliver to the residents of Western Prince William County.

Now there is a resource in our community able to service the pediatric developmental needs right here at *Advantage Physical Therapy & Rehabilitation, LLC*. No longer will you have to travel and sit in traffic to get the care you need.

Our ability to offer this service was made possible when Cara Kiernan decided to join the team at *Advantage*.

Cara graduated from Boston University with a Bachelors of Science degree in 1994 and a Masters of Science in Physical Therapy in 1996. She joined *Inova Fairfax Hospital* in 1996 as a new graduate and worked on the inpatient team treating various neurological conditions.

In 1997 Cara began her pediatric training when she joined the Inpatient/Outpatient pediatric team. Cara has worked with many pediatric diagnoses and has experience in a variety of settings, including the Neonatal Intensive Care Unit (NICU), early intervention, and pediatric outpatient services. Cara joins the *Advantage Physical Therapy & Rehabilitation, LLC* team with over 10 years of experience in the field of pediatric physical therapy.

Restoring Movement Together!

Who Do You Know That Needs Our Help?

We hope that your experience at *Advantage Physical Therapy* was a pleasant one & if there was a problem you let us know.

Similar to many businesses today we

depend on referrals to keep our doors open.

Not surprisingly, we asked and you answered. Referrals that come from the Family and Friends of existing and past patients are by far the

number one source of referrals.

We mean it when we say that the highest compliment our patients can pay is the referral of their family and friends. Thank You.

Let's Make This Fun!

Just another piece of junk mail? Perhaps. But for those who have taken the time to see what is going on we wanted to make it

interesting.

Somewhere in this newsletter is a misspelled word. The first 3 people who find this error

and call, Christy, our Patient Representative will win a \$10 Gift Card from *Panera*.

Good Luck!
